

<p style="text-align: center;"> <b>Axmouth Church Rota</b>                      This chart will be updated from time to time. Please check it before acting on it!                      Where three Bible readings are shown, they are the prescribed readings from the church lectionary.                      In the days before the service, the Minister responsible will decide which readings to have and also choose hymns.                      The chart will be altered to reflect that choice.                 </p>
